*The show isn't a performance of the musical, but a celebration of the timeless themes and transcendental music—and performed on a stunning level, of course.* - Tucson Weekly

*An energetic, upbeat concert that pays homage to the Broadway musical while giving fellow fans a way to share the Hamilton love.* - Phoenix New Times

This energized hip-hop throw-down breaks through with a hand-picked live **band** of musicians and vocalists to fully realize Hamilton's incredible music. The songs are brought to life through a mesmerizing group consisting of professional theater actors fresh off runs with pop musicals 'The Book Of Mormon', 'In The Heights', 'RENT', 'Jesus Christ Superstar', 'Evita', and more.

The Alexander Project: A Tribute to the Music of Hamilton spans the entire catalog of music from the Original Cast Recordings, The Hamilton Mixtape & Lin Manuel Miranda's Hamildrops. The act is led by Chanel Bragg and produced by Stateside Presents and Emporium Presents.

*The show accomplished the goal it set out with: To celebrate the music of one of the most-loved modern musicals outside of the original (high-priced) theater setting.* - Tucson Weekly
